## School Board

The men in this policy forming group, charged with the financial responsibility of the school system, give their time untiringly to the work of governing and managing the school. Their only reward is the satisfaction of seeing a job well done.

A program that will do the most good for the student, within the financial limits of the school's budget, is their chief aim; and the student, in turn, recognizes and respects the unselfish efforts of these men.

## Student's Reading

"Would you like to know how many books from the library are read by the students each month?" Mrs. V. O. Harp, librarian, made a survey of November's books checked out beginning Nov. 9th.

A total of 131 books, have been read which does not include reference work from the Texas Alumnac, Information Please, and other references. According to the above figure each student in high school reads approximately 1.7 books per month. This does not hold true because there are some students who do not take advantage of the library and its facilities. Of the 131 books read, 4 were social science, 1 natural science, 5 literature, 2 history, 19 biographies, and 100 fiction.

#### LYTLE HIGH SCHOOL BAND

Organization of the Band was begun last year and completed this year under the directorship of Ken Clover. Uniforms were obtained this year from the Sol Frank Co. in San Antonio. Trips were taken by the band this year to International Friendship Day in Eagle Pass, Gonzales Music Festival, Poteet Strawberry Festival, Battle of Bands in San Antonio, and also trips to Devine, Texas, and Piedras Negras, Mexico. An Annual Music Festival was begun this year by Lytle, under the leadership of Ken Clover, with the aid of the faculty. Included in this festival were bands in Atascosa County. Next year, the bands in surrounding counties will be included. There will be a parade, marching exhibition and a massed band concert.
